6. Participants :

- i. Competitors : School students at age between 14 and 18 years old from countries in Asia Pacific region. *(Date of Birth between 14 November 1997 and 13 November 2002)*
- ii. Selection : A participating country should hold its national cansat competition to select competitors.

(Notice: It is suggested that the competitors be selected based on not only their performance in launching water rockets but also their interest in space activities and in friendship and cultural exchange. The selected students should preferably have adequate English language proficiency.)

- iii. Teachers/Leaders : The students shall be accompanied by teachers or leaders of youth activities to travel to Laguna, Philippines. The accompanying teachers or leaders must be interested in space and science education, willing to engage in the exchange of knowledge, experience and skills with Can Satellite and other educational activities with those from other countries and committed to promoting space and science education activities among young people in their home countries.

*(NB: In view of the limited capacity of the venue and accommodation, each participating country should **limit the number of students to 6 and accompanying teachers/leaders to 2 to participate.**)*

7. Application Deadline : The final list of all participants must be communicated to JAXA and DOST, **no later than Thursday, 15 September 2016.** For application received by this date DOST will issue a letter of invitation and assist with visa application.
