

Satellite Technology Seminar Kick off on June 1, 2009

Satellite Technology Seminar of STAR Program Kick-off meeting was held on Sagami-hara campus on June 1, 2009.

The meeting went forward with a friendly atmosphere inviting two researchers (Mr. Rahmat Arief and Mr. Adi Farmasian-toro) from LAPAN (Indonesia), Mr. Kajii (Associate Executive Director of JAXA), Mr. Ishida (Director of SCOAP), Mr. Tsuji (Senior engineer of STAR Program), Mr. Satoh (newly assigned to STAR Program), and others-related staff.

The attendance gave some speeches and introduced themselves each other. Both of LAPAN's participants expressed their interest to the activities of STAR Program, and JAXA' staff gave expression their will of the welcome to them and the future expectations of STAR Program.

Clockwise from top left - Mr. Rahmat Arief (LAPAN), Mr. Adi Farmasian-toro (LAPAN), Mr. Kajii (JAXA), Smile! , Just a small talk, Mr. Satoh (JAXA)

The Guidance for Satellite Technology Seminar has already done. Moreover, the interesting lectures are going to be performed sequentially until the end of this summer, for example *Optical Sensors, Digital Circuits Design, System Engineering methodology, Satellite Test Procedures, Power Supply System, Control Electronics, Control Dynamics, Satellite Imager Sensors*, and more. Please do not miss these seminars!
