

The Second STAR Program Coordination Group Meeting Jul 28th ~ 29th 2010 in Jakarta, Indonesia

The 2nd STAR Program Coordination Group Meeting was held from July 28th to 29th at Ambhara Hotel Jakarta (Indonesia). A total of 36 people from 6 organizations and 6 countries (LAPAN, GISTDA, KARI, VAST/STI, ANGKASA, JAXA) participated.

This meeting also served as the mission definition meeting of the Micro-STAR, therefore, the members of the STAR Program team presented on the results of the conceptual design. In addition, we held the Q & A session and received some questions.

The participants coordinated that the base line of the on-board experimental instrument of the Micro-STAR would be the Imager, the STAR Program team would continue studying new technique of space wire, model based system engineering, real time JAVA, and so on. In addition, they agreed to pursue design work of the Micro-STAR and report it at APRSAF-17, which would be held in November 2010 in Melbourne, Australia. Also, it was approved to set up the next technical workshop after APRSAF-17.

Many different opinions were actively expressed there and the lively discussion was done very fruitfully.
